

CITY OF HAYWARD
AGENDA REPORT

AGENDA DATE 12/19/00

AGENDA ITEM 2

WORK SESSION ITEM _____

TO: Mayor and City Council

FROM: Director of Public Works

SUBJECT: Smalley Avenue Water Main Replacement Project – Approval of Plans and Specifications and Call for Bids

RECOMMENDATION:

It is recommended that the City Council approve the plans and specifications for the Smalley Avenue Water Main Replacement Project and call for bids to be received on January 30, 2001.

BACKGROUND:

As part of the City's continuing program to maintain and upgrade its water system, staff has identified and selected a group of deteriorated and aging water mains for replacement each year. This year, an **800-foot** section of 70-year-old water main on Smalley Avenue, between Flagg Street and Western Boulevard, was among the water mains selected for replacement. This section of Smalley Avenue is part of the City's **2000/2001** water main replacement project, which includes a total of 3,500 feet of water mains. The remaining portion of the water mains replacement project for **2000/2001** is under design at this time.

The City has scheduled a repaving project on Smalley Avenue, between Princeton and Western Boulevard, for Summer 2001. The water main construction project must be completed prior to that time.

Notices will be provided to residents, property owners and business owners who may be affected by the construction, to inform them of the nature and purpose of the work, potential impacts, and a City contact for additional information. A second notice will be provided when the contractor's work schedule is defined and specific dates for street closures can be established.

Staff has established a combined goal of 5 percent for Disadvantaged Business Enterprise (DBE) and Women Owned Business Enterprise (WBE) participation for this project. The combined goal is limited due to the lack of available subcontracting opportunities.

Environmental Review:

The pipeline project is statutorily exempt from environmental review under the California Environmental Quality Act (CEQA). The Public Resource states that CEQA does not apply to

any project of less than one mile in length within a public street or highway or any other public right-of-way for the installation of a new pipeline or the maintenance, repair, restoration, reconditioning, replacement, removal, or demolition of an existing pipeline.

Project Cost (This portion):

| | |
|-----------------------------|------------------|
| Design & Survey | \$ 10,000 |
| Construction Cost | \$ 112,000 |
| Inspection & Administration | <u>\$ 10,000</u> |
| Total: | \$ 132,000 |

Funding:

A total of \$901,000 has been appropriated for the 2000/2001 water main replacement project in the Water System Replacement Fund in the 2000/2001 Capital Improvement Program.

Schedule:

The following tentative project schedule has been developed for this package:

| | |
|-----------------------------|-------------------|
| Advertise for bids | December 20, 2000 |
| Open Bids | January 30, 2001 |
| Award Construction Contract | February 27, 2001 |
| Begin Construction | April 2, 2001 |
| Construction Completion | June 15, 2001 |
